**Conference Description**

This conference addresses topics including:
- Scope and standards of nursing informatics practice
- System life cycle, information management and knowledgeable generation, user-centered design, and health information technology
- Trends and issues in practice facing nursing informatics professionals

The content provides an opportunity for problem solving and self-assessment. Additionally, it will allow for study and review of the current ANCC Nursing Informatics Certification Exam. All course faculty are board certified informatics nurses.

**Learner Outcomes**

Attendees can expect to leave the conference with the ability to:
- Identify actions that can be implemented to change/improve practice
- Assess readiness to complete the ANCC certification examination for nursing informatics

**Contact Hours**

This continuing education activity was approved by the Maryland Nurses Association, an accredited approver by the American Credentialing Center’s Commission on Accreditation. 18 contact hours will be awarded.
2018 Conference Schedule
Ethica Training Center
1005 Boulder Drive • Gray, Georgia 31032
